

# A-1 TALENT CO.

*"Entertainers for Every Event"*

**(805)547-9015**

**BALLOON ARTIST.** Besides making each individual person feel special this entertainer has the talent to make hats from mild to wild, creations such as kissing birds on a heart, a giraffe with an apple stuck in its throat and a monkey climbing up a palm tree just to name a few.

**FACE PAINTER.** This entertainer can create works of art on an individual's face! Around the event others will get to see children who have had their face transformed into a cat, clown, pirate, princess, army man, tiger, or puppy dog with many more choices available.

**COMEDY JUGGLING SHOW.** In this show the audience will get to see a wide range of juggling props being skillfully manipulated. There will be opportunities to view others being placed in situational comedy positions like being asked to do funny antics while the juggler is standing atop a five foot stepladder juggling raw eggs over the subject's head!

**MAGIC SHOW.** This is a great opportunity to see up close those magical feats which defy logic. Audience members will get to see items appearing out of nowhere and there will be a few lucky people who will even get a chance to help out with some the magic tricks.

**TOSSING TYPE CARNIVAL GAMES.** These are the type of games you might see at a carnival midway such as tossing beanbags into openings on a large colorful clown face, tossing rings onto uniquely decorated wig heads or tossing Frisbees into oval shaped nets. Each game is staffed with an attendant and small prizes will be provided. If 3 hours or more are booked then a canopy and booth decorations will be included.

**RELAY GAMES.** Participants in these games will get to compete against others in their age group: Carrying a raw egg in a large spoon without it dropping and breaking, three legged race or gunny sack race.

**STROLLING JUGGLER.** This performer will entertain those attending an event while strolling through the crowd displaying various feats of juggling on an up-close and personal level.

**MIME.** This is an interactive type mime dressed in black with white suspenders and a black beret. This mime mingles with the crowd with the intention of having fun with them.

**BIRTHDAY PARTY PACKAGE.** A clown or entertainer (black clothes and a sparkly silver vest) will perform a short show with juggling and magic where the birthday child is made the center of attention. Each child will also receive a balloon creation and can also have their face painted in a deluxe fashion. If all of these services are done then one hour covers eight children and two hours covers sixteen children.

**COMEDY TELEGRAM.** A balloon bouquet delivered in a character of your choice (gorilla, prince charming, cowboy, court jester, pirate, Tarzan, tux with tails, cupid or grim reaper). Info about the person such as pet peeves, embarrassing moments, hobbies, habits and phrases frequently said will be woven into a full page comedy poem that gets read off in a dramatic style (with a pause every few lines waiting for the laughter to die down!) If it is a birthday then a nice round of Happy Birthday will be sung and a copy of the poem will be provided (they are a real work of art!)

**SANTA CLAUS.** Kids just love to sit on Santa's lap and get their photo taken with him. When given the chance you'd be surprised how many adults will do it too! Be it a party before Christmas or that special visit on December 24<sup>th</sup> the jolly fellow dressed in the red suit is a real treat to have around!

**COSTUMED CHARACTERS.** Young children are thrilled at the idea of "The Big Purple Dinosaur" or "The Furry Red Guy" showing up at their own house. Kids thoroughly enjoy dancing around with them while music is being played. Spiderman is also a big hit at birthday parties. Kids really like his theme music and balloon sword making skills. We also have the Easter Bunny for that special time of the year.

**Company Events.** We coordinate entertainment for company picnics and holiday parties. Because of the wide range of services we provide, companies come to us as a "One Stop Shopping" source for their entertainment needs.
